A Bulletin for News of Political Prisoners and POWs

Issue 21

JANUARY 1996

COORDINATORS: Betty & Herman Liveright - 103 Bartlett Ave. - Pittsfield, Massachusetts 01201 - (413) 499-1120

Ed Note: What is the status of the book which the Liverights have written based on interviews with 37 political prisoners, "Their Chance to Speak?" It is at a publishing house and the editor there still claims to be interested but it very slow to act. There is hope that it will some day be published.

MAULANA MODIBO EUSI writes from Marion: "Concerning Fred Hampton, Jr.: several years past I read in one of Chicago's newspapers that young Fred had been arrested and charged with arson. I later heard through the bowels grapevine that he had been convicted of the trumped-up charges. It is my understanding that Fred maintained his innocence throughout his prosecution..." *** "What has transpired with young

Fred brings to mind what transpired with Chairman Fred Hampton back in 1969. Chairman Fred was falsely accused of robbing an ice cream truck of \$70, and giving all the ice cream to young New Afrikans. He was later convicted of trumped-up charges and sentenced to 5 or 8 years. At the time Chairman Fred and Chairman Mark Clark were murdered by the Cook County attorney and Chicago police. Chairman Fred was out on appeal bond for the alleged armed robbery. Everyone and their mama knew that Chairman Fred was innocent of the armed robbery. But this was an orchestrated attempt by COINTELPRO (FBI), working in concert with the Cook County attorney and Chicago police. When this attempt to frame Chairman Fred failed the miscreants conspired and plotted to murder him and Chairman Mark." *** "If anyone knows young Fred, will you send his number and address to TJI." "Hundreds of young New Afrikans were transferred in here as a result of the rebellions a while back. They have turned 3 of the units here into the hole and, from listening to the guards talk, quite a few of the young New Afrikans are being physically abused by certain guards. I had one guard brag to me about a young New Afrikan's wrist being broken..." *** "I sent Sanyika and Tamu several communiques; I wonder if they were received." *** "Fervent revolutionary love to everyone interned in the bowels of amerikkka." *** "The struggle continues." *** "Build to win!"

RONALD "CORNBREAD" OWENS writes from MCI Walpole, MA: "Debating litigation on parole board's hearing malfeasances culminating in due process deprivations. Might just focus attentions elsewhere and completely wrap up in mid-1998." *** "Harassed at work; responded by walking away instead of violence and/or angry words."

Removed from less restrictive end, placed back on max end where I'm now confined to cell 22 1/2 hrs. daily, 90 mins per week law library time, 2 hrs. week outside rec yard (fenced in kennel)."

*** New rules: "Over holiday season some prisoners couldn't be with their children--all children must come to visit with their respective mothers. Majority of people not on good terms with the mother of their children." *** "There are no officially-allowed activities except for min-end prisoners who can participate in either the floor hockey or basketball league." *** "Trying to obtain outside support for bringing back rehabilitative programs and activities here. Trying to get community support for Black History Month events in 1996 (Kwanzaa and M.L.King, Jr. birthday which is not observed by admin.). Will use these days of solitude to do more righteous reading and work on my novice writing skills. Will stay on the road of being a teacher and student of the STRUGGLE! Have been officially notified that I will remain in max-security subject to change per orders of the commissioner." *** With only 33 months left on my sentence and having been incarcerated since 1986, I have to start to focus on how I want to carry the seeds of our struggle back into the community. This will mean curtailing my Samaritan services to my fellow prisoners. I intend to use the next two years to studying a lot more and achieving prowess in oratory and writing. I will continue to advocate my fellow prisoners to vote via absentee ballot in the 1996 federal election. The spotlight will be on the Weld/Kerry senate seat race, and the issues espoused will be noteworthy for all awake prisoners!!! Local issue will be the \$500 million prison expansion sought by Gov. Weld, and the sending of more Mass. prisoners to Texas private jails...We cannot let the sentiments of the Million Man March wither and die! Best for everybody in the new year and may God/Allah bless our work!...Keep the faith always...In struggle..."

IBRAHIM ANDUS SALAAM (TERRY YANT)

writes from Auburn Corr. Facility: Moved? "No--I refuse unless closer to family." *** Parole Board appearance in 2000, then I will be picked up by Fed. Marshals via Federal Prison Airlift, destination unknown. Appeal still pending." *** "Fist fight--I was keeplocked for 14 days because I was punched in the face--so I got busy!" *** State of NY are trying hard to incite another Attica riot --these non-educated people constantly fight and stab one another." *** Job: Waiter: feed about 150 keeplocks twice a day. I have not been paid since Oct. '95--grievances pending." *** Trying hard to educate the people who are stuck or stupid about their history and about how their minds should be focused on excluding the material. Would like to write an autobiography. I have been successful lately on convincing some prisoners to fight their oppression and disciplinary charges." *** Health: "Arthritis meds and am still taking TB meds, old meds for respiratory/asthma problems. Refused to take anything else!" *** "I have not heard from my wife or my children, grandchildren, but I'm sure they are well..." *** "NYS Dept. of Corr. has been taking my monies out of my prisoner account and sending same to the Fed. Gov't. without my knowledge up to now!" *** "Greetings in solidarity, in peace and love, for all God's creation!" [Attached letter from E.A.Dann, Deputy Superintendent-Security said: "Based on the conversation of 9/14/95 and your medical problems, the hearing that took place on you for refusing to double bunk is being expunged as of 9/14/95."]

ED MEAD sent a note to say he moved to 114 24th Ave. E #308, Seattle, WA, 98112.

AKONO JAH (REV. ALBERT JACKSON) writes from Indiana Reformatory, Pendleton, IN: "Just want to extend my love to all you Rades...I'll

leave some room for someone wise this time.
Uhuru Sasa!"

ψψψψ

ABDUL-HAQQ writes from Clinton SCI, Danne-mora, NY: "The prison removed Station BET from the prison TV selection. I clearly recognize this as racist. Of course the administration would deny this. The big con of the 90's is to deny all obvious racism." *** "A newspaper wants to interview our Lifers committee. I wrote them a letter declining the offer because we cannot trust the lying establishment media. The committee is still considering the offer. The decision will rest on the capacity of our meaning to survive the storm of misrepresentation." *** "I'm on Chapter 5 of my book. This chapter is titled 'Satan in the Market.' It's gonna give some folks some strokes, and the oppressed are going to love it. I wrote an 8-page essay about Mumia in Chapter 2." *** "The section of the book I'm now working on focuses on a program of liberating education, as Newt's de-evolutionary ax murderers try to chop education to death. I want to work with the NALF to push the program." *** "In 1996, while our adversaries are pushing the dope of electoral politics, our campaign should focus attention on the relevant issue of political prisoners, prisoners of war and prisoners of conscience. These are the true leaders that the time demands. In 1996 I think that our work should assail the massive fallacy of irrelevance couched in the ballot, as we make the unjustly imprisoned leaders of a viable, fruitful future known to the people." *** "As I will be making that move to the streets soon, and I'll be starting up the paper, I want the PPS, POWs and PPCs to contribute writings. I've been in contact with some of y'all about that already. The first paper I will be starting is Allah Ak-bar. It is for Muslims and non-Muslims. Its perspective, of course, will be revolutionary."

(smile) and tightening up SAFC, etc., etc." ...*** "I have to continually shuffle my visit list (10 friends limit) to get new people on my list." *** "With much love, and struggle."

ψψψψ

RICARDO JIMENEZ writes from Lewisburg USP, PA: "I'm not too much into public writing so that is why I have not written anything to *This Just In...* I have been in Lewisburg USP for ten years, incarcerated almost sixteen and in the last ten years things have not changed much. I'm healthy and fightin on." *** "I will send a little message in Spanish to my brothers & sisters of struggle:

"Reciba todas un caluroso y afectuoso/ Abrazo y Saludo Boricua a mis camarades, encarcelados/ Felicidades. Ademas/ Feliz Cumpleanos Camarada Oscar Lopez el 6 de enero."

Translation: "I send a warm and affectionate Puerto Rican embraces and greetings to all my comrades incarcerated. Happiness to all. Also Happy Birthday Oscar Lopez on January 6."

ψψψψ

AL CONLEY (New Afrikan Prisoner of Conscience) writes from FCI Oxford, WI: "Found guilty of 'encouraging a riot' on Nov. 20th, '95: 60 days segregation, 41 days loss of good time, and a disciplinary transfer to Anywhere, USA." *** "Continuously attempting to keep a sense of unity intact here in the segregation unit. It's a struggle being that many of the brothers are blind to the psychological warfare that's pitted against them in these conditions (seg. unit). No struggle, no progress!" *** "No health problems. Participating in 'Nation of Islam's' December fast!" *** "Family is well! Daughter asking when will she see Mutulu again! (smile)." *** "Strength & respect to the women comrades! Everyone remain principled and watch your back; it's *us* against the world...Many progressive actions in motion..." *** "One love/ One struggle..." Free the land/ Free the people/ Free the mind..." **LATER:**

"I was informed by the swine that my father passed on Jan. 2nd and the funeral is being held

today (1/8/96). I, of course wasn't allowed to attend....I have conditioned my self to remain strong in times of adversity so my spirits are up and I'm still struggling..." *** "There are no strangers in struggles, only comrades with the common purpose of liberating the masses...Uhuru Sasa (freedom now)."

ψψψψ

HANIF SHABAZZ BEY writes from Atlanta, GA: "Things are very repressive on this end, and each day new dehumanizing tactics are utilized to institute fear and submission into the population of prisoners. Ironically, it seems the harder they press their feet in our necks the more this apathetic lot grovel and glorify the scumloides." [Hanif has very serious worries about his sister Jackie who is hospitalized.]

ψψψψ

ELEGGUA OSUN ELUFE writes from Eastern NYS: "My petition for my first parole appeal was denied; I just submitted a second petition." *** "Pretty soon they will try and put television in cells here, without any vote among prisoners. They are trying to do like what has been done in Florence, CO. Double bunking has been stopped temporarily; court order in favor of NYDOC." *** "I am still instructing African-Latino cultural class and I am coordinating an alternative-to-violence group." *** "I am still assisting others with their legal matters, still writing, mostly poetry, and I am involved with outside prisoner- support groups." *** "I am still trying to get the proper treatment for my arm, but otherwise I am in good health and spirits." *** Family: "They are maintaining through difficult times; some have moved to Florida and back to Puerto Rico, but I have close members in Jersey." *** "Remain strong and defiant as always..."

ψψψψ

IMARA SEKOU (WELDON WIGGINS) writes from Pelican Bay: "I've been moved to C facility." *** "The administration has named the Nation of Islam as a racist Black organization and as such has labeled it as a threat to the safety and security of the prison." *** "There appears to be a trend developing here: the police have listed the

This Just In ...

Nation of Islam, Afrikan Peoples Organization, the Prison News Service and certain issue of TJI as threats to prison security....If you are interested in progressive politics or in receiving publication in California prisons, expect to be locked up, or failing that, singled out and harassed, your books and mail will be overly delayed pursuant to their overzealous investigation procedure. COINTELPRO is alive and well in California prisons." Later he wrote: "I'm involved in Anti-Isolation of Political Prisoners and Prisoners of War group, 'The Legal Defense Committee of Jailhouse Lawyers.'" *** "I've been transferred from Pelican Bay State Prison's Security Housing Unit. I've been placed in the new stress management program in the psychological Security Unit in Pelican Bay's B facility." *** "This prison is completely different, the repression isn't as extreme as SHU was. The prisoners with very serious psychologist problems went to CMF, CMC, and Trocadero, so there isn't any loud screaming, no fecal matter on the walls, a TV is supplied for the whole unit, and as police gain access to others, individual TVs are supplied to each prisoner who wants one. Working directly with the Madrid lawyers it's possible that those of us who are in here for our political beliefs can regain our normal privileges. Then this will be like the cataloguing E and D programs at CMF were in the mid and late 1970's." *** "Forward ever/Backward never!"

ψψψψ

ZOLO AGONA AZANIA writes from County Jail, Fort Wayne, IN.: "I was in court for more pretrial hearings Dec. 18, '95. Sentencing hearing had been postponed until Feb. 1st, '96." *** Job: "Nation building for total independence." *** "I have recently self-published a book entitled *Money and Power: Hook or Crook*, a collection of eight essays and articles with an index." *** "I am mentally and physically strong and energetic." Family: "Brothers and sisters gave oral depositions on my behalf. They're looking out for me." *** "By the time you get this info I'll be back at the Indiana State Prison. I'll be here until my next court hearing on Jan. 29'96. The racist death penalty still hangs over my head."

ψψψψ

BONNIE KERNESS writes from the American Friends Service Committee that there will be an April 27th Hearing on Control Unit Prisons. It will be hosted by the Friends Center in Philadelphia.

ΨΨΨΨ

EDWIN CORTES from Terre Haute, IN sends Revolutionary and patriotic greetings for the New Year with hope that the New Year will bring us renewed strength and a spirit of struggle and resistance.

ΨΨΨΨ

IBRAHIM ABDUS SALAAM (TERRY YANT) writes from Auburn, NY: "On or about the 29th day of December, 9,'95 at 12:45 p.m., Auburn C.F. employees did shut down Auburn C.F., at the time the Muslim prisoners were supposed to attend Jumah services. We were only told that it was because an officer was cut/sliced by a prisoner in the mess hall. As a result the prisoners of Auburn have been denied proper medical attention, showers, hot foods, hot water, recreation (1 hour at least), phone calls, law library, without being given our due process rights and equal protection clause under 'Wolff vs. McDonnell, Hutchinson vs. Coughlin, Jones vs. Huff, Hodges vs. Jones, Rhodes vs. Chapman, Helling vs. McKinney, Duckworth vs. Franzen, Stubbs vs. Dudley, McCann vs. Coughlin, Ramsey vs. Squires;' under the US Constitution Amendment rights (1st, 4th, 5th, 8th, 14th) guaranteed by the US Constitutional safeguards of Rules & Regulations."

ΨΨΨΨ

JOSE HAMZA SALDANA writes from Shawangunk C.F., Wallkill, NY: "This is just a shout-out! letting you know that I've been transferred, again."

ΨΨΨΨ

STANDING DEER WILSON writes from Huntsville, TX: "I have been moved to a Texas prison hospital. My days of slave labor, of going to work before dawn in freezing weather, are over. They finally wore my body out, but unfortunately for them my mind is still in first class condition (smile). Anyway, I'm officially retired." ***

This Just In ...

"I've heard that Richard Picariello is free at last! It's too bad Lew Gurwitz didn't live to see him freed." *** "I just read Jonathan Franzen's report on ADX entitled 'Lock It Down' in the December '95 issue of *Details*. I wanted to hear more from the mouths and minds of Mutulu Shakur and Raymond Luc Levasseur (who were the interviewees) and a lot less of Franzen's sociological blathering. Those bros need no one to explain why they're political prisoners. Franzen, however, did nail the personification of bloodless efficiency in the cold, fishy-eyed staring mind of the tour guide. Those keepers of the keys are the same every prison I've ever seen: deodorized plastic mannequins without a smile or human emotion for anyone suspected of not sharing their anti-prisoner world view. Kudos to Ray for his beautiful rap in TJI...#13 where I learned about the *Details* interview." *** "The 299 prisoners from Massachusetts who went to the Dallas County Jail are not alone. Texas is rapidly becoming the prison capitol of the world. They are filling their jails with prisoners from Colorado, Utah, Missouri, Oregon, North Carolina and Virginia. Hawaii recently voted to send Texas their WELL BEHAVED prisoners. They have put the Massachusetts prisoners in the Lew Sterrett North Jail Tower where they had an outbreak of TB in the summer of '93. Last summer, Colorado transferred 500 prisoners to the Bowie County Jail in Texarkana. Since then 90 prisoners have filed lawsuits in Denver federal court. ACLU says prison experts revealed unsanitary kitchen, roach infestation, poor ventilation and excessive use of force. *Remember* they only send you to Texas if you're well behaved. 'Well behaved' is not an irreversible condition, is it?" *** Later he wrote: "Peltier had a parole hearing at Leavenworth on Dec. 11, '95 and the next day Dec. 12 '95 he was transferred without notice to the Federal Transfer Center, Oklahoma City. I don't know what's up, but if they move him to another prison he will lose the easy contact he has with his main support people. In addition, he will not have the job he has where he can do his painting." *** "All the skins in Texas are anxious to know what's happening with him. The government plays fast and loose with the lives of its captives and Leonard could be in for a hard time." *** "In the Spirit of

Crazy Horse..." [See above under Leonard Peltier Defense Committee.] Later Standing Deer writes that he has heard about Leonard going to Springfield. He adds: "Everybody should write him there because it is good protection for him when his jailers know that a lot of folks know he's there. Just a card will lift his spirits." *** My love and prayers are with. Mitakuye Oyasin. In the spirit of Crazy Horse..."

ψψψψ

CHUCK AFRICA writes from SCI Graterford: "Suit against Warden and Dept. of Corr. is in (they're not allowing Ramona to visit me)." *** "In my last communication with TJI I stated there was a lot of tension here and that they are 'doing all they can to create a riotous atmosphere.' Let me clarify that: it is not *my* desire, nor my brother Mike Africa's to engage in any form of action that is riotous. Because of what these people do out of spite, it will not *pull us off our square*. The bottom line is getting out of prison. But we know how the system takes statements and twists them to say what they want you to say. I was only pointing out the conditions here as a result of that alleged 'drug bust.' They have created an atmosphere where chaos is the order of the day. We remain steadfast in our beliefs. Riots is *not* the solution. *Frustration* is not. We can do so much w/just cohesive *communication* and getting info out and sticking together." *** "Recently the District held that the city [of Philadelphia(Goode et al) are liable to be sued because of their actions of May 13th, 1985, when they murdered my family. The ruling overrules a previous one that gave them immunity even though they (the city officials) gave the orders to drop the bomb. The hard work of Ramona and my family is paying off. They will be able to expose the authorities at the trial in April!" *** "LLJA!"

ψψψψ

JAAN LAAMAN writes from Leavenworth: Job: Laundry--Maytag mechanic." *** Activity: "Literacy tutoring and coordinating a social science/social issues lecture program." *** "My just-turned-14-year-old son is experiencing lots of problems with the state and school. It breaks my heart; it reminds me in the most personal way

what's wrong with this system and why I'm committed to changing it." *** "Sending a big hug and *Red Season Greeting* to each and everyone, my comrades...and everyone at TJI."

ψψψψ

MARILYN BUCK writes from FCI Dublin: "I am trying to figure out what to do at a legal level concerning the recomputation of my sentence in which my date was changed from 2010 (30 yrs.) to 2031 (50 years). All suggestions welcomed." *** "Here, too, 38 women were transferred behind a small incident in the national lockdown. They are being held in a women's prison in SHU in Coleman, FL. Seems to be a consistent policy of the BOP--sweeps when there are real issues being confronted." *** Rules: "Every day new interpretations usually at the most petty level. Increased effort at humiliation and control." *** Job: "Still trash run." *** "Still work with PLACE (AIDS group). Toastmaster's, GEO tutoring and clay sculpture class. My racquet ball days are definitely over as my knee continues to give me the blues." *** "I'm trying to carve out space to get back to working on a play partially written and am trying to finish a first draft translation of a book of conversations between 2 Tupamaro prisoners who spent 13 years in isolation during the 'National Security' state period in Uruguay. Then I have to find a publisher." *** "My knee has gone out on me. Since Aug. Finally 2 weeks ago I began some physical therapy. The wheels of medical care turn bone-crushingly-painfully slow. The inability to engage in sufficient aerobic exercise has been difficult for me. Trying to find some other way to shake off stress, anger, etc." *** "My greetings to all the comrade sisters and brothers. (It's interesting to me how many of the men correspondents only greet their male comrades. What? Women can't be comrades, revolutionaries, worthy of equal standing? Liberation and revolution are not for men only. Wake up! Think about some of the subjective reasons for setbacks and losses!)"

ψψψψ

SHAKA SHAKUR writes from Indiana Reformatory: "I am presently awaiting a ruling on my fed. Habeas corpus." *** Disciplinary action: "2

days ago a shakedown crew and a k-9 mutt shook me down under the pretext of looking for gang-related material. After searching for about an hour and having looked through all my files, letters, etc. and not finding anything but political material they seized a total of 3 photo albums, all of which were full and turned them over to the gang coordinator. After some struggle and 24 hours later the albums were returned absent 8 photos which were kept as being gang related and I was told that I would be called out for an interview. This is unprecedented to my knowledge. Never have all of a prisoner's photo albums been seized. All of the photos kept were of a political and cultural nature." *** "Recently comrade Talib Becktemba who is at IYC was placed in Administrative Segregation for participating in political cultural class and his entire library (50 to 100 books, journals, etc.) were seized and sent to central office to the Director of the Gang Task force. Once again unprecedented. I plan to attack this campaign to kriminalize by labeling us as gang members. I want to encourage all prisoners in this state who have been a victim of this to file complaints, make a record and keep a copy of it and contact me directly if you have something to contribute towards challenging the attempt to slander anything that reflects New Afrikan culture or politics as being gang-related. Recognize the new level these people have moved on and start doing some counterintelligence of your own..." *** "I continue to work and struggle with a lot of the youth who are coming in with these fresh life sentences." *** "Trying to enroll in a college correspondence program in hopes of getting my degree." *** "Still awaiting back surgery. Went out to the hosp. last month after pressure from the people, only to be told that I was on the approved list. Would like to thank the many comrades and brothers that have sent letters and shouts of concern. Akono, Kunta, etc. Maintain, brothers, I am handling it."

ψψψψ

MOHAMMAD A. SALAMEH writes from Leavenworth: "I went back to court on July 22, 1995 and stayed until Dec. 28, '95; this is why our communication was cut off. I had the opportunity to see

my codefendants once again." *** "The last development in my case is in "USA Today" dated Sept. 18th, '95. The top expert scientist (FBI agent) in the chemistry of bomb-blast residue (Dr. Whitehurst) admitted that his superiors pressured him to distort findings about the 1993 World Trade Center bomb to help the prosecution." *** "I would like to send my greeting to the POW's, the political prisoners, my co-defendants and the brothers in MCC-New York." *** "Stay strong, keep faith, hold onto the rope of Allah almighty. The struggle continues."

ψψψψ

BASHIR HAMEED writes from Attica (where he was recently moved): "Mark Gombiner is preparing our appeal for the NY State Court of Appeals. Bill's [Kunstler] passing has set us back, not only in the loss of a friend and true champion of our cause, but also as a fine attorney. No one new yet has come on board. Mark is still there after 14 years." *** "With the abolishing of the Prisoners' Legal Services here in NY State we had all better learn to litigate some."

ψψψψ

WILLIAM PHILLIPS AFRICA writes from Dallas, PA: "My heart felt greetin of 'ON THE MOVE' to you all. Have not written lately to TJI because nothing new been goin on here and we are in a battle with the oppressor for refusin to allow us to get TJI here. Seems like any issue that includes a letter from another MOVE member or Mumia Abu-Jamal they refuse to let in. The greatest fear of the wicked is bein exposed and confronted with the *Truth*! An you know MOVE keeps a steady diet of TRUTH flowin on these oppressive freedom snatchers! " *** "96 brings much work to be done in the way of revolution. In unity the work must and will get done!"

ABDUL OLUGBALA SHAKUR writes from Pelican Bay: "I recently received word from a handfull of comrades, PPs/POWs, as well as those out there, that the International Separatist Front have been using my name among many others as people to contact in regards to their movement. First of all, I don't support their movement; I know

nothing about these folks. Approximately a month ago I received one of their fliers. I sent that flier to the comrades at the New Afrikan People's Organization with my opinion, and that was/is I want no part of this front. I wrote these people (ISF) and told them I can't speak for the NAIM and suggest that they get at other comrades. I told them to leave me the hell alone. These racist dogs are trying to use the NAIM to legitimize their racist agenda.
